## Unlocking Unconscious Bias: A New Perspective

Monday, March 25

11:30 am - 1:00 pm (ET)

Presenter Hawra Khraizat, MA, LMSW

This interactive workshop provides a comprehensive understanding of implicit bias, its impact on individuals and communities, and the importance of inclusiveness, empathy, and cultural competence.

Attendees will be able to define and describe implicit bias, recognize the influence of stereotypes and biased statements even when unintentional, and discuss strategies to raise awareness of and eliminate personal biases. Join us in breaking barriers and fostering a more inclusive and understanding environment.

1.5 CEs: NASW National, SW Michigan, Nursing, Case Management & General
